Langlade County Forestry and Recreation Department  
1633 Neva Rd.  
Antigo, WI 54409

Subject: Wolf River State Trail

Dear County Forest Administrator Al Murray and All Langlade County Partners,

I am reaching out to confirm that the Department of Natural Resources received the county's letter and corresponding resolution regarding ATV/UTV access on all of the Wolf River State Trail. We are taking your communication under consideration and will get back to you as quickly as we possibly can. Please understand this is a detailed and complex issue. The questions you pose are reasonable and we want to ensure that our answers properly consider your thoughtful requests.

Currently the DNR lands in much of Langlade County are going through a master planning process, and proposals like this will be vital for the trail planning portion. More information can be found online:

<https://dnr.wisconsin.gov/topic/fl/PropertyPlanning/NorthCentralForest>. Our lines of communication will be open throughout the process. Please do not hesitate to reach out to our master planning supervisor, Phil Rynish ([phil.rynish@wisconsin.gov](mailto:phil.rynish@wisconsin.gov), 608-977-0286) if you have any questions.

We want to thank you for the amazing trail work your staff accomplish day in and day out. This the hard work is noticed and appreciated by us, and more importantly by citizens and visitors. The state trail system would not be what it is today without great partnerships between the county and state. I am looking forward to our continued partnership and dedication to outdoor recreation.

Sincerely,

James Yach  
Secretary's Director for Northern Wisconsin
